INNOVATE 4 WATER - ABUJA

*In the spirit of multi-sectorial collaboration,
within the Sanitation and Water for All (SWA) private sector constituency
Innovate 4 Water Abuja is co-organized by two (SWA) partners:
Zenith Water Projects and Waterpreneurs*

*2 days of matchmaking focusing
on water and sanitation,
entrepreneurship and
sustainable investments.*

When

November 27 - 28, 2018

Where

NAF Conference Centre
496 Ahmadu Bello Way, Garki 2, Abuja, Nigeria

Who

Innovate 4 Water is particularly relevant for:

- Water utilities, technology providers
- Small and Medium Enterprises operating in the water & sanitation sectors
- Multinational companies with interests in the water & sanitation sectors
- Investors (banking, asset management, private banking, foundations, corporate companies)
- Water & sanitation institutions (foundations, coalitions, NGOs)
- International organisations, national governments, development institutions
- Business and innovation incubators
- UN agencies with interest in WASH and IWRM

Why

Innovate 4 Water is bringing water and sanitation innovators, investors and other stakeholders together to accelerate innovation and diffusion, supporting sustainable technologies and business models for access to safe water and sanitation.

The design and delivery of *Innovate 4 Water* is **unique and effective** because the event is:

- **action oriented**
- **highly curated**
- **business-networking focused**
